MIAMI EXCITED BY A MOST DIABOLICAL DOUBLE MURDER

A Prominent Merchant and His Daughter Shot in Cold Blood.

CRIMINAL ESCAPED

Lynching May Follow Arrest of the Assassin.

CRIME EVIDENTLY COMMITTED SATURDAY, BUT BODIES WERE NOT DISCOVERED UNTIL MONDAY MORNING—FATHER SHOT ONCE AND DAUGHTER TWICE.

By Associated Press.
Miami, Fla., June 26.—Charles E. Davis and daughter, Elsie, were found this morning dead in their home where they had probably been murdered Saturday night. Both had been shot. One shot killed Mr. Davis and his daughter was shot twice. It was rumored that an assassin had been committed on Miss Davis but the rumor was untrue.
The murder was discovered by a neighbor named Burbank who called at the home three times, Sunday morning, Sunday night and Monday morning. Each time he could find no one at home, but found the lower part of the house open. His suspicions were aroused, and together with a son of Davis he went to the house and found the bodies upstairs.
There is no clue to the perpetrator of the deed.
The community is intensely excited and it is intimated that lynching will follow any arrest.
Miss Davis was very popular and Mr. Davis was a prominent merchant.

VICEROY OF INDIA WILL SOON TENDER RESIGNATION

Objects to Complete Control of British Forces in India Vested in Lord Kitchener.

By Associated Press.
Simla, India, June 26.—It is freely rumored that the viceroy, Lord Curzon, of Kedleston, has either already tendered his resignation or shortly will do so in consequence of the decision of the home government where Lord Kitchener, commander in chief of the forces in India, has been given complete control of the army.
Two special meetings of the Indian council have been held since the publication in London of the blue book referring to Lord Kitchener's plans, the approval of which is considered to be a severe blow to Lord Curzon, since he says practically the whole council unanimously opposed the decision ultimately adopted. The keenest excitement prevails in official circles here. The Times of India declares that India cannot afford to lose "either of the great men, Lord Curzon or Lord Kitchener, who dominate her affairs."

Secretary Hay Seriously Ill at His Summer Home

SECRETARY OF STATE HAY.

By Associated Press.
Newbury, N. H., June 26.—Dr. Charles L. Scudder, a Boston specialist, arrived here on a special train from Boston during the night to attend Secretary of State John Hay, who arrived at his summer home at Lake Sunapee on Saturday.
Secretary Hay, who had suffered a sudden relapse of his nervous breakdown, grew very much better after the arrival of the physician and to-day his condition became so favorable that Dr. Scudder arranged to return to Boston.
Secretary Hay began to be in pain early yesterday. Remedies which have given relief on previous occasions were applied, but failed to help him and Dr. Cain was called from Newbury. He found that in changing from the climate of Washington to the cooler temperature of the Lake Sunapee region, the secretary had taken a severe cold and that organs weakened by previous attacks had been seriously affected. Upon hearing of this, Mrs. Hay desired that specialists should be summoned at once and as soon as possible Doctors Scudder and Murphy were in their way by special train from Boston.
The Boston and Maine railroad cleared its tracks from Boston to Concord, N. H., and the special made fast time between those two cities. The train then proceeded to Newbury by the Concord and Claremont branch. A launch was in waiting to convey the surgeons across Lake Sunapee and the doctors reached the bedside of the secretary at about midnight. A quick, but complete examination of the patient was made and it was seen

that his condition while it was exceedingly painful, was not for the time, at least, serious. Under treatment the patient soon showed improvement and the necessity of an operation, which had been discussed, was averted. During the latter part of the night Secretary Hay grew steadily better and by morning had regained the strength which had been exhausted by hours of incessant pain. On account of the organs affected by the cold, however, the physicians ruled that the secretary should remain in bed for a day or two. Dr. Scudder then left for home, placing Dr. Murphy in charge with Dr. Cain assisting him. Dr. Cain said to-day that the members of Mr. Hay's family were greatly alarmed, because of the fact that the usual remedies failed to give relief. "I understand," said Dr. Cain, "that Secretary Hay's present illness is of a different kind from that for which he went abroad for treatment and for which he took baths at Baden-Naheim. Should a spell such as he experienced yesterday recur frequently there is no doubt but that there would be justification for grave anxiety, but Mr. Hay certainly seems to have got clear of all danger in the present instance."

Hunter, of Newark; Judge Muark, and others arrived during the day. Nearly all candidates had opened up headquarters before the day closed.

Switchman Killed in View of Many Pleasure Seekers

By Associated Press.
Chicago, June 26.—In view of several hundred pleasure-seekers, Charles Worthmiller, a switchman has been thrown from a rapidly moving car on the scenic railway at a south side pleasure resort, falling to the ground, fifty feet below. He died soon afterward at the emergency hospital.
When the scenic train departed down the incline, high in the air, Worthmiller and a companion were seated in the front of the car. As the car was being elevated to the depot Worthmiller stood up. He was warned of the danger, but paid no heed to the caution.
When the car started on its trip down the steep incline, running at a rate of seventy-five miles an hour, the man waved his arms and shouted. The next instant the car loomed up a curve. The jolt caused Worthmiller to lose his balance. He threw his arms out to catch himself, and as he did so, struck one of the posts. He was thrown from the car head foremost.
When he was picked up, Worthmiller was unconscious. He had landed on his head, fracturing his skull.

FIGHTS IN WARSAW

Many Killed and Injured in Conflicts With Police and Troops.

SOCIAL DEMOCRATS AND JEWISH BUND ANNOUNCE FIGHT AGAINST GOVERNMENT MUST CONTINUE—POLISH NEWSPAPERS SUSPENDED—LAST WEEK'S VICTIMS NUMBER TWELVE HUNDRED.

By Associated Press.
Lodz, Russian Poland, June 26.—Since the proclamation of martial law the situation has become quieter. Rumor of an approaching massacre of Jews has caused twenty thousand Jews to leave town. Scattered cases of rioting as the result of the insurrectionary spirit, however, continue. One occurred this afternoon in the old Protestant cemetery when a patrol was fired upon from behind a wall. The patrol killed twelve persons, five men four women and three children. Business is at a standstill and all traffic has been stopped.
A case of disaffection among troops was reported today when the officers of one regiment informed their commander that they would not fire upon defenseless people. The regiment was at once transferred to another place.

SERIOUS CONFLICTS MARK DAY IN WARSAW.

Warsaw, June 26.—Disorderly crowds have thronged the streets since early this morning. They erected barricades at Ogrodowa, Krochmalnae and Wronia streets on top of which they placed red flags. The police and soldiers stormed the barricades and ten persons were wounded by bullets and bayonets. Another affray took place in Zelazna street, where cas-cas charged a crowd with revolvers. The patrols replied with volleys, killing a boy and wounding three other persons.
Five workmen who refused to strike were stabbed to death by their comrades.
Revolutionary proclamations have been posted on the walls and two hundred persons have been arrested.
The Social democratic party and the Jewish Bund announce that the fight against the government must continue but it is believed the present show of military force will change the situation. Business is at a deadlock.

MAY ACCEPT THE TERMS OFFERED

STEPS LOOKING TO SETTLEMENT OF CHICAGO STRIKE TAKEN LAST NIGHT.

By Associated Press.
Chicago, Ill., June 26.—Steps to be taken today by the conservative leaders in the teamsters' ranks were expected to effectually check a growing sentiment among the more radical element in favor of a general strike of all teamsters in Chicago to encourage a prompt ending of the existing struggle, either by accepting the employers' terms or calling off the strike.
At the present time the main portion of the teamsters' army is intact, only 4,000 out of 27,000 being on strike. A general attack upon employers it was declared, could result only in general disorganization and a call for militia. This move also would result in the drivers cutting loose from their main basis of support, the teamsters who are employed.
Meetings will be held tonight by the department store drivers and the railway express drivers to vote on the question of accepting the peace terms of the employers. According to H. C. Cork, chairman of the peace committee of the teamsters' joint council, a favorable vote by these two locals would mean an end of the strike, as the other unions would follow.
The terms practically are the same as were offered three weeks ago. Some changes in the phraseology have been made at the request of the teamsters' committee. One alteration, it is understood, was in the article concerning the wearing of union buttons, in order to have it made clear that no employer objects to the wearing of union buttons provided they are not exposed.

troops threatens to break out in bloodshed at any moment.
Thirty-four battalions of infantry are stationed in the town.
A bomb was thrown last night at a carriage occupied by the chief of police K. M. Pavloff, of the town of Czenstochowa, government of Piotrkowa. The chief of police and seven other persons were seriously wounded.

Small Cottage Destroyed.

A small cottage, on Sixth avenue, between Gadsden and Cervantes streets, was destroyed by fire last night, the blaze originating from a defective flue. The department was called out by an alarm from box 48, but owing to the fact that the fire had been burning some time, the work of the department to save the building was useless. The house was occupied by colored people.

SIX OVERCOME BY GAS IN SOUTH CHICAGO.

By Associated Press.
Chicago, June 26.—Six persons were overcome by gas today in a boarding house kept by Mrs. Katherine Maria at South Chicago. All were unconscious and it was at first feared none would recover. Physicians, however, succeeded in restoring all of them and said all probably would recover except George Maria and Mark Markazich. The gas came from open pipes in the kitchen stove.

RUSSIA DRIFTING TOWARDS PEACE

MURDERER HOCH WRITING A BOOK

WILL GIVE WORLD HISTORY OF HIS LIFE TO GET FUNDS FOR DEFENSE.

By Associated Press.
Chicago, June 26.—Johann Hoch is finding the role of author a trying one, according to his own admission today. The two thousand words of his book which he is writing to raise money with which to pay for a complete record of his trial do not suit him. He will take a fresh start Monday and rewrite most of what he has written already. Hoch hopes to secure a room in the jail where he will be undisturbed by the noise from the outside and there, while the shadows of the gallows still fall upon him, he will continue his literary labors.
"I have selected the title of my book," he announced today. "It is this: 'Hoch, the Life and Adventures of Johann Hoch, Traveler in Many Lands With Many Interesting Experiences.'"
"I am going to rewrite most of this," he continued, pushing the manuscript through the bars for the inspection of your correspondent.
"My book will contain sixty or seventy thousand words when finished. I've been so nervous and there's been so much noise I haven't been able to write for a week. I will start again Monday, though. I am going to tell of my Chinese experiences, as an alleged bigamist and murderer and then follow with a history of all my travels in all the countries of the globe."
What Hoch has already written is an attempt to justify his career. He says:
"I am not a self-made man. Who is he? I am what I am. Are not you? I have always tried to live right. I have failed it is my fault? No more than is the failure of a bird, which fails to soar to heights beyond its reach. I know and feel in God's sight I am a perfect man. I defy the world to disprove it."
An appeal for contributions to the Hoch fund has been issued for the purpose of securing a record of the trial. The sum of \$250 has been pledged but \$550 more is needed.

PLENIPOTENTIARIES WILL MEET EARLY IN AUGUST.

By Associated Press.
St. Petersburg, June 26.—Both Japan and Russia are now understood to have agreed on the time when their plenipotentiaries shall meet at Washington. It will be during the first ten days of August, but the exact date probably will be announced by President Roosevelt. The question of precedence evidently is the main stumbling block to a prompt settlement of the number of personal negotiations. Both sides seem desirous to make the other take the initial move. Russia seems to consider that it is Japan's duty to name her plenipotentiaries before she announces hers. While the exact number of the plenipotentiaries has not officially been arranged, both powers seem to have tacitly agreed on three. The actual announcement of the names of the plenipotentiaries is expected within a few days. The official statement of the situation is:
All is going on favorably. The question of a possible armistice as stated last week remains in abeyance for the moment. Japan, it is understood, declining even to take up the matter until the issues involved in the Washington meeting are definitely settled. In the meantime there have been heavy downpours in Manchuria and the rainy season may enforce a suspension of military operations before the diplomats can act.

President Roosevelt Leaves for the Summer

By Associated Press.
Washington, June 26.—President Roosevelt left Washington at 5:30 this afternoon in a special train over the Pennsylvania railroad for Cambridge, Mass., to attend the commencement exercises at Harvard University. The President will not return to Washington, but will go direct to Oyster Bay for the summer.
Just before the departure of the train, Count Cassini, the Russian ambassador, was driven to the station, having been unable to reach the White House today, to bid the President farewell. He was met on the platform by the President and they held a hurried conversation during which they clasped hands warmly.
